The card party at the school Long Coulee on Monday given by Mrs Milford Sissons assisted by Miss Elsie Taylor in aid of the Red Cross was very successful.

Men's first won by Mr. Alfred Hame, consolation won by Mr Harvey Jopling

Quite a number from Champion attended and a nice sum was turned over to the local Red Cross. It is to be hoped that other schools in the district will follow the example and assist in this worthy cause. We say thanks Mrs Sissons and Miss Taylor.

## Red Cross Fund Now \$500

The Challenge Thrown out by the late Mr Mc Rae in his In Memoriam known as Flanders Fields is being taken up locally and people are responding to the appeal of the Red Cross the is only agency giving medical service to men who are fighting for our freedom.

Secretary Rhodes is very gratified with the results coming in from non residents. A check for twenty five dollars was received Monday had a letter attached which urged the local executive to go after all tenants as well as land owners, for he said "surely we all realize what this war means to us. It is a life and death struggle and those of us who cannot go to the front must be prepared to make our sacrifice or contribution.

This is typical of the attitude of many local people too. Nothing is too much work if it is for The Red Cross, an organization which does service in peace and war. Send your contribution at once to Clark Rhodes.

## PLAINFIELD SCHOOL

A very happy evening was spent in the Plainfield school house on Friday, Nov 10, when friends of Mr and Mrs John Ness gathered to help them celebrate the 25th anniversary of their wedding. Cards were enjoyed for the first part of evening and later a short program was presented Cecil Brandvold who had returned home from an extended trip that day gave a solo in his usual delightful style, and Sandy Fraser sang The End of the Road. Considerable merriment was proved by the staging of a mock wedding with Pat Robinson as the bride Elmo Brandvold as the groom and Paul Frederick as the preacher.

A presentation of a chest of community silver was made to Mr and Mrs Ness by Sandy Fraser on behalf of the friends assembled that evening and many who were unable to attend. In short speech Mr Fraser recalled the days of 35 years ago when John Ness and he first arrived in the Plainfield district and wished the guests of honor many more years of health and prosperity together.

A delicious lunch was served by the ladies, a feature of of the refreshments being a festive looking three tier wedding cake which had been especially made by Mrs Alf Wynn for the occasion and was cut with due ceremony by Mrs Ness

The two sons of Mr and Mrs Ness, Gerhardt and Edwin, were present at the celebration

Following the lunch dancing was enjoyed until early morning.

Millard Raymond Sealock 22 years of age son of Mr. and Mrs Sealock of Armada was instantly killed near Lomond Tuesday night when the tractor on which he was riding over turned in the ditch beside the road. Dr Freeze, Coroner, was on the scene shortly after but a inquest is unlikely.

## Support Of War Effort Essential By Law

People Must Be Careful of Remarks, Verbal or Written  
Action Possible Under War Measures Act Which  
Provides Heavy Penalties

Because Canadians are fortunate in not reading long lists of fellow citizens being killed or wounded there appears a failure to grasp the fact that this country is at war and that the Government are doing their utmost to throw the full weight of Canada's resources behind the Empire. This attitude is not confined to Champion alone but in many sections of the country. The press are doing their part in warning the citizens of the need for support.

This war is vastly different from the 1914-18 struggle but just as deadly to Canadians, if by any chance through lack of understanding and support Britain fails, for Germany is ready and eager to take Canada as a prize should the forces in the old land fail to stem the war machine. Statements by political leaders, publishers, church leaders and others all point to the seriousness of the struggle as far as Canada is concerned.

With this in view then The Chronicle wishes to point out that the government have as their authority the provisions of the War Measures Act which prevents the uttering of statements which would in any way prejudice the prosecution of the war. Citizens should be very careful of their remarks on the street or in private. Unlike Germany there are no secret police lurking about in cafes and private homes listening to conversations but what is far more effective there are loyal Canadians who are ready and willing to report those who by their statements and actions give the impression that they are not in sympathy with the promotion of the war whether it be military, economic, or the medical services such as the Red Cross.

Without mentioning any districts it is reported to The Chronicle that appropriate action will be taken against those making statements against the aims of the Red Cross. In Manitoba the department of education are investigating the alleged remarks of a school teacher on the matter of the class of government in Germany.

Surely Canadians realize the benefits which they have under the British Crown and are ready to defend freedom and give their support to the government and those other agencies which are working night and day to aid in the prosecution of the war.

## Grand Slam

Those who have experienced the thrill of a grand slam at cards will know what we mean when we say that the one act play staged by a group of young people Monday night was a Grand slam in fact as well as by title.

The Kitchen Staff received a glad hand for refreshments provided. The coffee supply went short due to the demands for second orders.

Miss Agnes Holm and her brother Theodore Holm took the place of Mark Kenney's band in the presentation of swing music.

Geo. Hargreave was forced to use his gavel on several occasions to bring the business session within the compass of parliamentary procedure and it is reported that a subscription he taken up to purchase a copy of Bourinot's Parliamentary Procedure.

The debate swung from the teachers to the back benches but George however finally brought the debate to a vote in favor of support to the Red Cross.

## Mail Early

With the service to Europe disrupted because of the war there is an ever increasing need for the slogan Mail Early to be acted upon and co-operation by residents of the district will be appreciated by officials.

Mail destined to European countries should be mailed by the first of December at the latest, this year. It will be sent by the first boat no matter when mailed but for those who wish delivery by Christmas day it is wise to follow the instructions issued.

Your local postmaster or the C.P. Express agent will tell you when to send gifts to Canadian and United States points but even in this instance too postal and express officials will be glad if shipments are made early.

## A T A Meet

On Friday evening November 17 the Champion Carman gay Sub Local of the A T A met in the Champion school for the purpose of reorganization and planning for the coming year. The following slate of officers was elected. Honorary President, Rev. Peter Dawson. President Mr. P Thomas. Vice President Miss R Anderson. Sec Tres R D Farries. Rural Representative Miss A Ellis. Press Reporter Miss G Elmore.

## Grain Problem Studied

By Pioneer Grain Company Ltd.

From both practical and theoretical standpoints some very interesting developments are taking place. In general it may be said to spring from three causes, 1 the war, 2 the drought in the winter wheat areas and 3 the governments agricultural programme, each reacting upon the others.

If we glance back at the circumstances surrounding the enactment of the Agricultural Adjustment Act of 1938 it is a clear that over production and low prices were the two problems of chief concern to the administration and Congress. The machinery of adjustment was created to correct those conditions. During the crop year 1938-39 an opportunity was given to demonstrate the efficacy of the legislation. Farmers were paid to lessen the production, loans were made available for the purpose of sterilizing supplies, and an export subsidy was paid to move surplus wheat abroad.

Before the 1939-40 crop crop season began plans were laid to continue this program and to make it more effective in such ways as raising the loan rate and changing the basis of export subsidy payments. The outbreak of the war at the beginning of September followed by the growing anxiety over winter wheat prospects, however, changed the underlying situation and forced the administration to alter its plans. The first change was a radical curtailment of export subsidies in wheat. For a time flour subsidy was also lowered considerably but has again been raised so that it is now the equivalent of 27 to 29 cents a bushel of wheat. Just why flour exports should be subsidised in preference to wheat and the rate of subsidy increased at the present time are two curious aspects of the current situation.

Turning to the government loans, the theory behind them is that when prices are lower than the loan level farmers who are eligible will borrow against their wheat rather than sell it, in this way taking pressure off the market and forcing prices upward. For various reasons the 1938 loan was very little used, only 85 million bushels being pledged. This year the response has been much better, the C C C having made loans against 154 million bushels up to November 8 with another 8 weeks to go before the end of the loan period.

Meanwhile, United States prices have risen relatively to Canadian prices, exchange rates considered, to such a point that it may soon be possible to import Canadian wheat into U.S. over the tariff barrier of 42 cents per bushel. This would be a curious anomaly if such imports were to take place while the U.S. government continued to move wheat flour out of the country at less than domestic replacement cost and to provide means for sterilizing an important fraction of the available surplus.

### Gifts for Christmas

With less than a month until Christmas time the question "what shall we give" is a very pertinent one, especially this year with the shadow of war in our midst.

Quite apart from the fact that the Red Cross and other patriotic funds will be calling on all loyal Canadian citizens for support, it is necessary that we consider how we could spend our money to the best advantage. Generally speaking we believe that friendships and appreciations can be acknowledged with gifts which are sensible and of practical value.

Your local merchants have a wide range of goods which are suitable for gifts but it is necessary that you buy early if you are to secure the best selection.

The practice of sending greeting cards is on the increase and we believe that it is showing good taste and good sense to send a little card to those who have proven our friends in the past. It shows that you value their friendship and have not forgotten them.

Our last word is Buy Early, Mail Early.

### Canada The Home of The Free

Citizens of Canada cannot be too appreciative of the freedom which is ours, and should ever be ready to defend the efforts which are being made to retain same. It is true that under the War Measures Act, the freedom of speech, verbal or in the press is very much curbed, but these restrictions are for the benefit of the nation as a whole. Instructions coming to our desk weekly from the Censor Board are clearly meant for the preservation of our peace at home and not for the imposition of the will of the government on the people.

Contrast our freedom with that of those who have come under the influence of the German government. Imprisonment or a firing squad greet any opposition to the will of the government.

It is a human instinct not to be satisfied with our condition in life, ambition and the desire for happiness is in every breast but we should realize that things can only be gained step by step and that we must be very tolerant, kind and considerate towards those who differ with us in political or religious beliefs.

So we say forget the differences which separate and divide and let us all with all our strength support our government in defending the freedom which we enjoy under the British Crown.

**IN CANADA**  
*It's Apple-Time*  
**RIGHT NOW!**

JUICY, perfectly-ripened Canadian apples are in . . . fresh from Canada's finest orchards! Plenty of them, too—those that normally would be exported overseas, as well as our own usual, generous supply. And—thanks to the higher minimum grade requirements—there are greater-than-average qualities of the finer, fancier, higher-grade eating apples.

So, all through this year's apple season, order liberal quantities of Canadian apples . . . for eating, cooking, entertaining . . . and for jellying and preserving. You'll enjoy them immensely—and you'll be doing your country a SERVICE at the same time.

And remember, Canadian apples are Government Graded. Ask to see the grade-mark on the container when you buy!
